**RENEWED PETITION
UNDER 37 C.F.R. § 1.183
TO CORRECT ASSIGNEE'S NAME**

I. Resubmission of Petition to Correct Assignee Name

On April 6, 2005, Patentee's undersigned attorney filed a Petition under 37 C.F.R. § 1.183 with the Office of Petitions to correct of the Assignee name as printed on the face of the referenced patent. Specifically, the Petition requested that the name of the Assignee be corrected from AstraZeneca (incomplete) to AstraZeneca AB (correct). The Petition was accompanied by copies of documents in support of the correction.

On September 26, 2005, the Office of Petitions issued a Decision dismissing the Petition with instructions that the "Petitioner should supply a Certificate of Correction form with the desired changes to be made". Based on this instruction, it appeared that the Office of Petitions was advising Patentee to submit a Request for a Certificate of Correction ("Request") to the attention of the Certificates of Correction Branch. Accordingly, on October 7, 2005, Patentee

filed a Request with the Certificates of Correction Branch (PTO mailroom date: October 11, 2005).

As there has been no action to date on the Request, Patentee's representative recently contacted the Certificates of Correction Branch and spoke with Ms. Eva James to obtain the status of the Request. Ms. James stated that there had been no action on the Request because no one had been assigned to process the Request. Consequently, and with no legitimate business reason, the Request has been languishing in the Office's files for almost four and a half years without having been reviewed or acted upon.

Ms. James also stated that the Office of Petitions should have advised Patentee to resubmit the Petition with a copy of a Certificate of Correction form containing the requested correction, rather than having denied the Petition and in the same Decision advising Patentee to supply a Certificate of Correction form.

Pursuant to the recommendations given by Ms. James, Patentee is resubmitting the Request for correction of the Assignee name as printed on the face of the patent. Patentee is also providing a copy of a Certificate of Correction Form PTO/SB/44 containing the requested correction.

In addition to the concurrently resubmitted Petition, Patentee filed by EFS on March 8, 2010 a separate Request for Certificate of Correction to correct typographical errors in the claims of the referenced patent.

II. Discussion

The referenced patent is a continuation of U.S. Patent Application Serial No. 09/187,277, filed November 6, 1998, abandoned, which is a continuation of U.S. Patent Application Serial No. 08/899,931, filed July 24, 1997, abandoned, which is a continuation application of U.S. Patent Application Serial No. 08/376,512 (the "512 application"), filed January 23, 1995, now US 5,714,504 (the "504 patent"), which is a continuation-in-part application of U.S. Patent Application Serial No. 08/256,174, filed June 28, 1994, now US 5,693,818, filed as PCT/SE94/00509, filed May 27, 1994.

An Assignment was filed in the prior '512 application, now the '504 patent (hereinafter the "Assignment"). The Assignment is from the inventors to Astra Aktiebolag. The Assignment was recorded on April 17, 1995 at Reef 7438, Frame 0120. A copy of each of the Assignment

and the Notice of Recordation of the Assignment is enclosed. A change of corporate name from Astra Aktiebolag to AstraZeneca AB was recorded on September 25, 2000 at Reel 011219, Frame 0749. A copy of the Notice of Recordation of the name change is also enclosed.

The Assignment extends to any continuations of the '512 application and any patents issuing on such continuations. Accordingly, the Assignment extends to the referenced US 6,875,872. Therefore, the assignee of the referenced US 6,875,872 is AstraZeneca AB.

However, by inadvertence, the assignee's name was incompletely and erroneously furnished in item 3 of the Issue Fee Transmittal Form (PTOL-85B) as AstraZeneca rather than the correct and complete name AstraZeneca AB. Accordingly, it is hereby requested to waive 37 C.F.R. §3.81(a) to permit the complete and correct name of the assignee, AstraZeneca AB, to be provided after issuance of the referenced US 6,875,872.

Authorization is hereby given to charge the petition fee required by 37 C.F.R. §1.17(h) of \$130.00 as well any additional fee due in connection with this Petition to Deposit Account No. 23-1703.

Dated: March 10, 2010

Respectfully submitted,

/John M. Genova/
